

This is a full-page decorative notebook template. The top border features the title "THE PENITENT LEGION" in a stylized, gothic font, flanked by two circular icons: a star on the left and a cross on the right. The left and right vertical borders are highly detailed with a horror theme, featuring various faces, eyes, and skeletal motifs. The bottom border also contains decorative elements, including a triangle on the left and a skull on the right. The central area of the page is ruled with horizontal lines. A faint, large, light-gray occult symbol, resembling a pentagram with internal flourishes, is centered in the background. Above the first ruled line, the word "Notes" is written in a simple, elegant font, flanked by two horizontal chains of small circles.

NOTES
